Git Version Control
GitHub
Node.js
Express
Database (PostgreSQL)

Summary

Passionate in coding and ready to demonstrate my passion to a talented team. I enjoy working with team members to ensure workload is effectively under control and to develop quality solutions. Also, I can independently handle tasks when needed with careful attention to timeframes. I attended 800+ hours in coding boot camp to expand my knowledge and sharpen existing skills. My learning journey never ends as technology is constantly evolving.
